School . . . a building—brick, steel, glass—cold, unyielding, permanent. Rows upon rows of lockers, shining metal, are broken only by doorways. Empty hallways seem unfriendly, inhospitable, indifferent.

Here's to our one and only class in The Year 1965. Have fun this summer.
love Peg Howell

The slam of a locker, a jumble of books, a flurry of feet, and clustering groups bring the complications of life into the school. Life brings confusion — worry, triumph, pride, sorrow, confidence, doubt. Snatches of conversation, "half-and-half" ice cream cones, quiet concentration, dances, solving problems, companionship—these are the school. Life brings warmth, feeling, an atmosphere of friendliness. Life brings promise, meaning, and purpose to the building.

Kay -

I think your a real nice girl - Be good + have fun. Thanks for helping me in Social Studies.

School is a place of learning, but learning is not confined to the building. It stretches far into the world, searching for ideas, concepts, traditions, reasons. The building serves as a place where the world can be brought into focus.

The school has a feeling about it—intangible, but present at every moment of the day. The feeling is one of closeness, belonging, potential. It doesn't come from the building—from the brick, the steel, the glass. It isn't apparent in an empty hall; it comes from the people in the school.

Fall Student Body Government

With the leadership of Student Body President Phil Liu, the Fall Executive Board and Representative Assembly gained the distinction of accomplishing something tangible. For the first time, students made their own budget for student body funds. They also organized a student court and class competition. A public forum system for student body elections gave the students a chance to ask questions of all of the candidates. The Rep Assembly was made more effective by a practice of giving reps an agenda a few days before each meeting.

Francisco Brieva takes part in the gaiety in the student union.

To be a foreign student means many experiences during the school year and it is the way which conduces to know other people of different customs and ideals. I came with the purpose to learn a little more about the American high school and the students themselves, what they do and what they like; at Wilson I found all those things and even more. I found a spirit of knowledge among the students which is reflected in different activities: arts, sciences, sports, and which gives to Wilson its own characteristic and personality.
I have made friends, from whom perhaps I will forget their faces or names, but always will stay in my mind that feeling of friendship I found in them. In the assembly, or in the football or basketball game, where everybody participates, I felt that the students are the same human beings all over the world, and who like to live and laugh.

Sincerely,
Francisco Brieva Rodriguez

Exchange Students

This year as an exchange student at Wilson has given me many great experiences. Its size and the variety of opportunities offered has always impressed me. The close student-teacher relationship at Wilson is one of the most important factors making it a great school. I also enjoyed very much meeting the other Wilson students in classes and in after school activities, but the size of Wilson has meant that there is a large number of students I did not get to know personally. My impression of the United States is in line with my impression of Wilson—the opportunities are great, but so is the temptation not to use them.

Sincerely,
Asbjorn Fidjestol

August 22 was a happy day as the Wilson Seminar returned home at the depot.

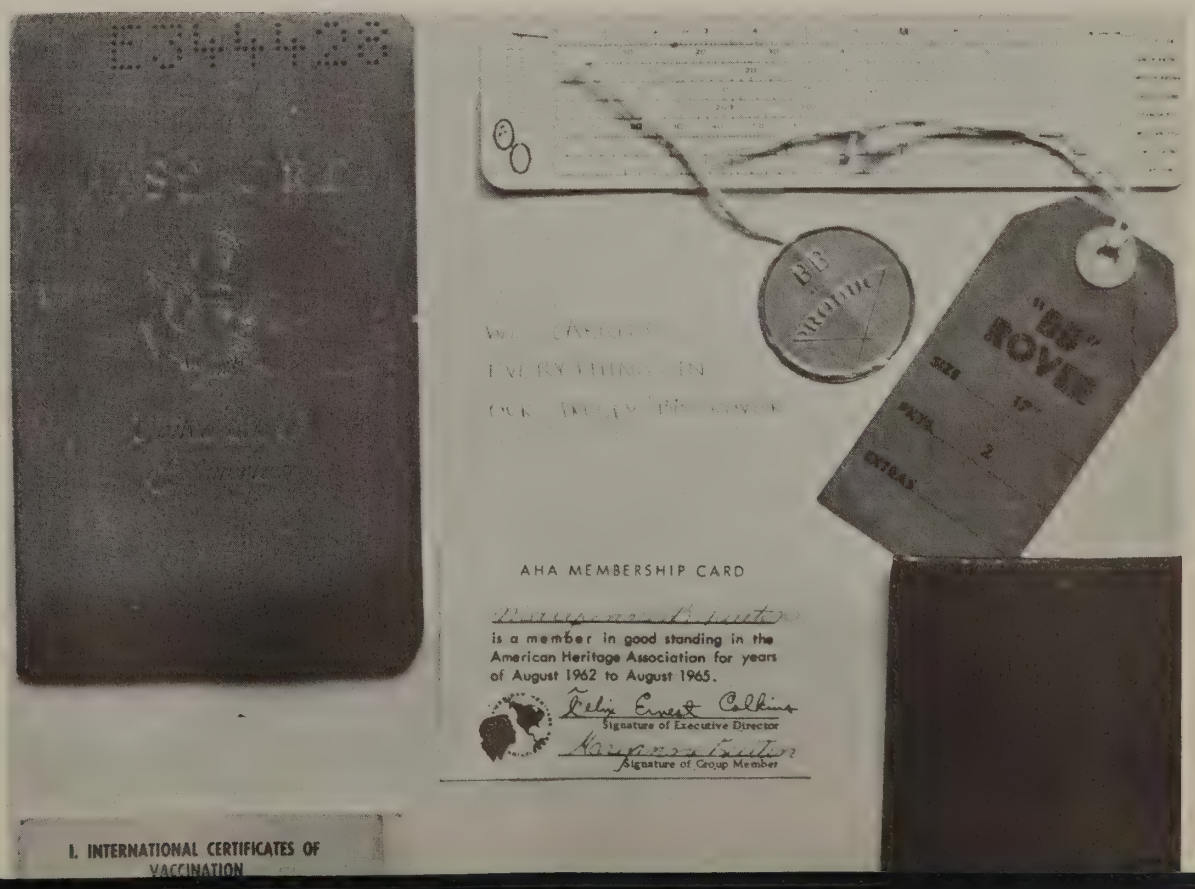
AHA European Seminar Abroad
Wilson High School Group II

The morning of June 13, 1964, 33 Wilson students, 27 girls and 6 boys, departed from the Greyhound bus depot amid cheers and tears from parents and friends. Upon arrival in Vancouver, B.C., a quick transfer from bus to train sent the Wilson students and their advisors, Mr. Gerald Dadey, Miss Maryanne Norman, Mrs. Elizabeth Miller and Mr. Fred Miller, speeding to their foreign destination. The B.O.A.C. Jetliner from Montreal landed smoothly and swiftly in London's International Airport — Wilson's seminar was in Europe.

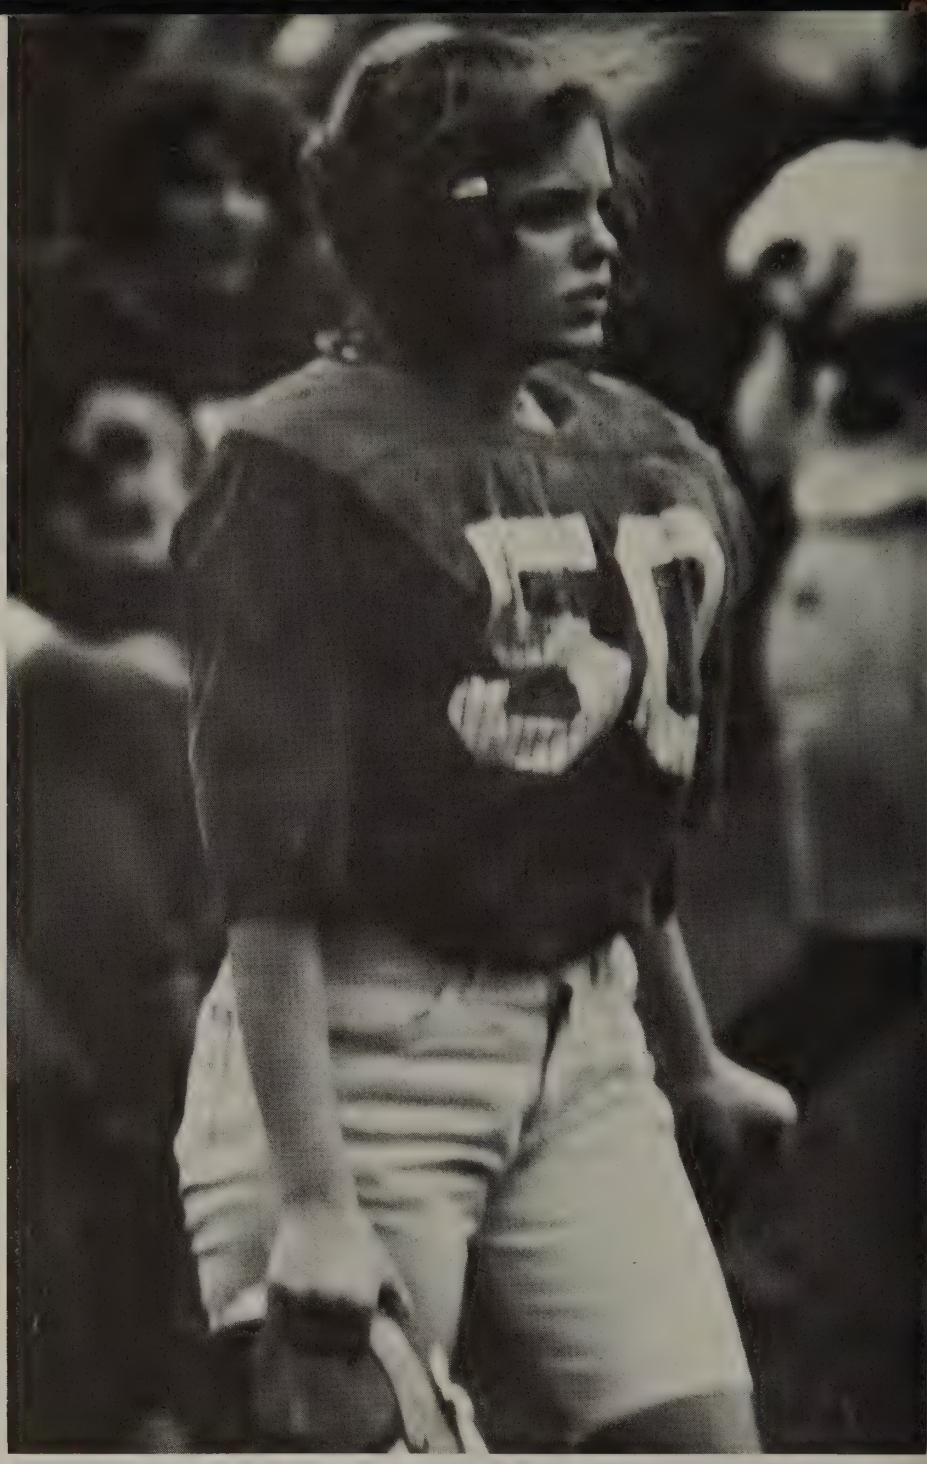
In the course of 2½ months, the traveling Trojans visited and studied in various locations of England, France, Switzerland, Italy, Austria, Germany, Belgium, and The Netherlands. Highlights of the seminar's study included three-week home stays with families or in culture areas, and several exciting days on both sides of the Berlin Wall.

The Eiffel Tower was a viewpoint 1000 feet above Paris for the travelling Trojans.

Passports, health cards, and foreign exchange tables were significant items to Wilson's travelers last summer.

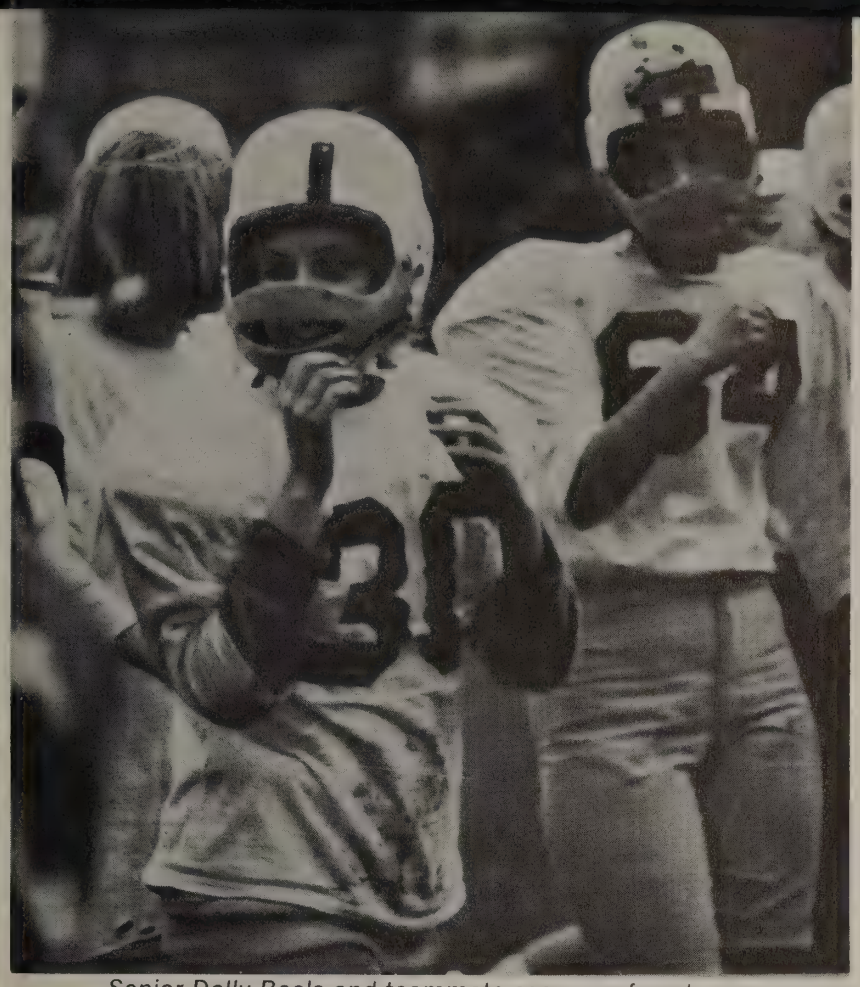


Throwing rivalry to the wind, Senior Patty Tarbell and Junior Nancy Eggleston enjoy the antics of the Tro-Johns.



Tensing against the excitement of the game, Pat Parker hopes for victory.

Barbara Hobbs, Sue Bloodworth, and Sarah Newhall attempt to warm-up before the game.



Senior Dolly Boals and teammate seem confused by the manly sport of football.

Powder Puff Panic

Spectators who braved a rainstorm to sit through Wilson's annual Powder Puff game this year were not disappointed. Although they may have lacked the size and skill needed by varsity players, the Junior and Senior girls had more than enoungh enthusiasm to make the game exciting. Cheered by an all-boy rally squad and feted at half-time by the Trojohns, the teams struggled to a 0-0 tie.

Except for the three last-minute runs by Juniors Betty Reynolds, Chris Sullivan, and Sue Whitlock, most of the game was played within fifteen yards of the 50-yard line. Both teams executed their plays well, but neither team could break through the other's defense.

Junior Coach Art Bush gives a piece of his mind to Sally Merrill who seems to need it.

This charming group expects to go professional next year!

Trojans Second in City

Shaken by a 7-6 loss in a pre-season game with Albany, the Wilson varsity football team recovered to place second in city. Led by the passing of Junior quarterback Wayne Twitchell and the rushing of Senior Mark Waletich and Junior Rob Lamb, the team had an outstanding season.

Exhibiting high team spirit, the Trojans tromped all of their opponents except Jefferson, who held them to a 7-7 tie, and Grant, who squeezed by 14-13 to capture the league pennant.

Twitchell and Waletich together accounted for almost 1500 yards gained. Twitchell completed 58 out of 122 attempted passes for a total of 960 yards gained. Nine of his passes counted for touchdowns. Waletich made 510 yards rushing in 102 carries for a five-yard average. He also received 14 passes for 177 yards gained.

Charging through the victory hoop, the Trojans enter the field in their first home game.

Tackling en masse, the Trojans cause their opponent to fumble.

Rally "Hailed"

Do we hail our rally? HAIL YES! The Fall Varsity Rally brought many innovations to their job, creating tremendous school and team spirit. The team especially appreciated the letters and cards the rally gave them each week before a game. One week, they placed a sign on the lawn of every player, telling him to fight and win. By adding a number of new yells to their ready supply, the rally increased verbal support by game spectators. Throughout the season, the rally exemplifed the ideal in Wilson spirit.

Troyvees Promising

Aided by strong individual players and precision teamwork, the Troyvees won four of their seven games this year. With the help of Don Sitko, Don Kauffman, Randy Page, and John Bledsoe, the offensive team kept up a steady drive to gain at least one touchdown per game. The defensive squad including Danny Thompson, Wink Warren, Kirk Kenword, and Steve Birkett, was successful in stopping all scoring attempts of the Benson, Franklin, and Marshall teams.

Don Sitko was elected the most valuable player, an honor which he held last year as a freshman team member. The team chose Kirk Kenword as captain, Wink Warren as most improved player, and Chic Preston as most inspirational player.

J.V. Rally Personifies Spirit

The lively J. V. Rally members bounced, kicked, and yelled their way through the football and basketball seasons. Ford Montgomery and Mike Jeffries performed acrobatics while the attractive rally girls exhibited their dancing ability. Although attendance at J. V. games was low, spirits were high and the rally deserves most of the credit. Serving through both the football and basketball seasons, the rally personified the spirit of their class and their teams.

Troybabes Gain Skill

Hampered by injuries to four of their top linemen, the Frosh football team finished the season with a 4-2-1 record.

By far the most satisfying game of the season was the 27-13 win over Lincoln. Off to a slow start, the Troybabes met the unbeaten Cardinals with a 1-1-1 record. With a massive team effort, the exuberant Troybabes ran away with the game.

Although Ed Krupa, Curt Held, Jim Musser, and Bob Pierce were injured during the season, the team continued to move the ball with the successfully executed plays of Scott Park, quarterback, and Steve Peterson and Mike Spang, backs.

The team elected Mike Spang as the most valuable player, Scott Park as captain, Jim Musser as the most inspirational player, and Paul Gray as the most improved player this season.

Craig Bayless, Rob Gray, and J. V. Torgerson take an early lead in the team's decisive victory over Cleveland, Franklin, and Jefferson.

An able runner, Rob Gray led his team to a second place victory in state competition.

Cindermen Second in State

Cross country is a lonely sport—one which requires personal discipline and hours of hard work. Cindermen run miles every day after school, miles at home in the evening, and more miles over the weekend.

Because of their dedicated practice, Wilson's cross country team grew from what seemed a slow team at the first of the season to a successful team. Despite constant injury and illness, the team grew enough to place third in the city meet and second in the state meet. Senior Rob Gray, who was voted most valuable runner by his teammates, ran well in all meets and came in sixth in state. Craig Bayless and Gary Bergren also contributed to the success of their team.

Determination Sparks J.V.'s

Determination, ability, endurance, loyalty — these are the qualities that this year's J. V. Cross Country team possessed. Under the guidance of Coach Gordon Makinster, the J.V.'s won all four of their league meets. Divided into two classes for the city finals, the team continued its success. Class A, mostly Juniors, captured first place while Class B, Sophomores, placed third in its division.

Frosh Are Victorious

With a record of four victories in league meets, the Frosh Cross Country team went on to win the city championship.

Following the lead of Bill Carley, Allan Boyce, and Phil Turney, the team literally ran away with all the prizes. Jon Krueger, Bob Mills, Bob Bennett, and Fred Blank rounded out the top-notch team and provided the depth needed to place first in city.

Mermaids Triumph Again

After winning all league meets and outscoring second-place Grant 164-72 in the city meet, Wilson's unbeatable mermaids captured the state title for the fourth consecutive year.

Cathy Jamison, Cindy Cain, Sherri Jenkinson, and Clarke MacDonald each won state events. Clarke, who was chosen most valuable swimmer, excelled in the 50-yard freestyle and the 100-yard butterfly. Cindy won the 50 and 100-yard backstroke events. Sherri won the 50-yard breaststroke. Cathy won the 200-yard freestyle and the 100-yard breaststroke. She broke the national record in the preliminaries of the breaststroke. Cathy competed in the Olympic tryouts last summer. There she finished seventh in the 200-meter breaststroke and eighth in the 100-meter breaststroke, bringing honor to Wilson.

Swimmers Capture City

"Swimmers . . . take your mark . . . get set" —the gun broke the tense silence and the hard-working Wilson swimming team splashed to another of the lopsided victories that culminated in the team's fifth city championship. Although the victories were large, they were not easily won. At their posts every morning at 7 a.m., the swimmers, mostly underclassmen, conditioned themselves in the brisk morning air.

Traveling to the state meet in Eugene, the boys took a respectable fifth place in rough competition. Tyler Walthers, most valuable swimmer, broke the meet record in the 100-yard breaststroke.

Benefit Dance Held

The new twist to the Thanksgiving Dance was the adoption of a boys' court. Through the efforts of the Junior Class to excell in donating canned foods to the Sunshine Division, Robbie Lamb was chosen "head gobbler". Both the food drive and the dance were counted very successful.

Drama Highlighted

Joining in the spirit of Christmas, the orchestra and choir joined in music for the season. The highlight of the concert was the drama department's presentation of "'Twas the Night Before Christmas" while the ensemble sang it. Both serious and humorous interpretations were given for the poem.

Trojan "Giants" Successful

Nicknamed the "Jolly Green Giants," Wilson's tall basketball team finished fourth in both the first and second halves of the season. Although there was no one outstanding player, several players led the team in specific areas. Senior Steve Park, voted most valuable player by his teammates, led the team in rebounding with an average of 11.6 rebounds per game. Senior Craig Vogt, team captain, led the team with his average of 10.5 points per game. Doug Lewis and Steve Park also had high scoring averages.

Playing exciting games, the Trojans usually depended on a fourth quarter rush to pull ahead of their opponents. Almost half of the team's points were scored by its Junior players. Junior starters Terry Gould, Chris Park, and Doug Lewis should lead their team to a successful season in 1966.

Two Teams Aided

With the help of Wilson's own Green Giant and the girls' excellent dancing, this year's Spring Rally encouraged the varsity basketball and varsity wrestling teams on to many victories. During basketball season, players found signs on their lockers which were made by members of the rally. The rally also worked many hours making tags for both the basketball and wrestling teams to wear to further promote school spirit.

J.V. Team Outstanding

Raising hopes for next year's varsity team, the J.V. team won sixteen of their twenty games and scored a perfect second half record. Although the team won most of their games, they had trouble totaling high scores. They beat Lincoln 17-13 in one game. Because of their good record, they tied for first in city with Grant.

Experience Gained

The freshman basketball team gained experience but few victories this year as the season ended with a 3-10 record. The team attempted a system of unit play which had worked for the varsity squad but somehow failed for the Frosh. Scott Park, with an average of 13 points a game, was voted most valuable player by his teammates. Bob Simonton, most improved player, and Brian Hollander, who was injured during the season, added spirit to the team.

Grapplers Successful

With eight returning lettermen, the Wilson matmen wrestled to second place in city with an eight win — two loss record. The team was led by Seniors Bob Davidson, Mark Waletich, co-captain Jim Miller; Juniors John Miller, Phil Owens, and George Young. The team was hurt early in the season by the loss of co-captain Ralph AnDyke by injury at a pre-season match. Entering the city tournament as a strong contender, Wilson finished with a first place by John Miller, a second place by Mark Waletich, a first place by Bob Davidson, and a third place by Phil Owens. Bob Davidson, picked most valuable wrestler in the city, also received a second place in the state meet.

J.V.'s First In City

The outstanding success of the J. V. wrestling team has made Wilson an undisputed city champion again this year. Coach Stanley Stanton, new to the J. V. team this year, attributed their record to the number of good freshman grapplers from last year and the spirit among teammates. Jerry Toley, Gary Hastings, Paul Hopker, and Jerry Roalson all received letters for their work. One of the assets of the team was that sophomore grapplers were represented in all weight classes, which will help junior and senior teams in years to come.

Curt Davis, undefeated during the season and the team's most valuable wrestler, led his team to victory in four of their eight matches. Another outstanding wrestler, Bob Bennett, went to the city tournament and lost in overtime in his 123-pound class. Jack Anderson and Jim Musser strengthened the team and helped fill the gap left when Steve Peterson suffered an injury and was retired for the season.

Gymnasts Compete

This was the first year of competition for Wilson's gymnastics team. The team had many able members, but it was plagued with bad luck. During the season, Mark London received an injury and was unable to participate for the remainder of the year. One week before the State Gymnastics Meet high point man and team captain Tom Henry broke his foot. Randy Redman received a similar injury.

At state, Dave Taylor took second place on the trampoline while Doug Ward and Ed Galen placed seventh and eighth places respectively. Throughout the season, lettermen Tom Henry, Dave Taylor, Mark London, Doug Ward, and Steve Boutelle made great progress as they brought in many victories for the team.

Combining the efforts of the drama and music departments, "Showboat" was able to present Wilson's best performers in all fields of entertainment. Especially successful were Ron Campbell's portrayal of Captain Andy and Dan Domenigoni's rendition of "Ole Man River." Many Wilson students expressed the hope that Wilson will be able to provide a full-scale musical each year.

"April Flowers"

Assuming its annual duty as the herald of spring at Wilson, the Cotton and Cord dance proved enjoyable to all who attended. Decorated with "April Flowers," the dance provided an outlet for weary students at the end of test week, and helped them to satisfy an already prevalent Spring Fever. The music of Mr. Lucky and the Gamblers provided diversion to make the evening complete for all.

Following the theme of television's monster shows, "The Munsters" and "The Addams Family," Trojan Trix brought the humorous aspects of black magic and monsters. Acts in "That Old Black Mansion" ranged all the way from "The Old Lighthouse Skit," a remnant of last year's Trojan Trix, to music and drama numbers written especially for the show. Competing with the musical production, "Showboat," Trojan Trix proved that it was still an important part of Wilson's tradition.

Team Determined

During the first games of the season, the varsity baseball team posted a very creditable record, and they were considered by many coaches as an outside threat to capture the city trophy. Led by Junior Wayne Twitchell, Wilson's leading pitcher, and three-year letterman Greg See, the Trojans relied on strength and determination to bring home many victories.

Prospects Good

Although freshmen were not included on this year's J.V. baseball team, a very large turnout helped to insure its success. Coach John Washburn felt that his team was well-rounded, but especially strong in the infield. After winning all of their pre-season games, the J.V.'s had hopes of taking the city title.

Freshmen Start Team

A potentially strong freshman baseball team was initiated this year as a result of popular demand and strong class spirit. Curt Held and Tom Inglesby headed the list of promising pitchers, backed up by a well-balanced field. Although hitting was spotty, the frosh managed to win games and exhibit high team spirit.

V. Torgerson, Gary Bergren, Steve Corey, Bruce Fraser, Greg Schons, Rob Gray, Russell Baker, Scott Brown, Tom Stigum, Gary Burton.

Hopes High

At the beginning of the season, Wilson's varsity track hoped to top its 1964 record of fourth in city. Chief coach Harold Ellmers said that some of this year's promising contenders were Steve Corey, Wayne Bartnick, Rob Gray, Craig Bayless, Dave Fix, Bob Davidson, Pete Wiser, and Doug Hansen. There were only five returning lettermen, but there were many promising J.V. graduates.

Track Format Expanded

Due to a large turn-out for J.V. Track, the coaches, Mr. Harold Ellmer, Mr. Gordon Makinster, and Mr. Richard Voll, were able to expand the program this year. The team's enthusiasm showed as it took its first city match with a wide margin. J.V. trackmen competed in all varsity competition, including the shot put, javelin, high jump, long jump, polevault, discus, and the standard sprints and races.

JV TRACK TEAM

Season Promising

The frosh track team set the pace for co-heets as they trampled Franklin and Mar-hall in their first league encounter. Jim Briggs and Bill Carley were outstanding in track events, while Jeff Johnson and Steve Peterson showed skill in field events. At the beginning of the season, the team saw Grant and Jefferson as two of their tough-est opponents. The team concentrated mostly on field events, hoping to round out their team and capture the city title.

FRESHMAN TRACK TEAM

BOYS' GOLF TEAM

Left to Right: Steve Couche, Gary Johanns, Jay Robinson, Ernie Peterson, Gordon Bobillot, Glenn Shimshak.

Enthusiasm Great

At the beginning of the season, coach Ole Johnson felt that the boys' golf team would have a good chance in the state championships this year because of the number of lettermen returning. Captain Ernie Peterson had garnered two golf letters, as had Gordon Bobillot and Jay Robinson. Transfer student Glen Shimshak had done very well, and promised to be among the finalists in state competition. The enthusiasm in terms of turnouts for golf had been so great that two teams had to be created.

GIRLS' GOLF TEAM
Left to Right: Jennifer Brown, Sue Thuemmel, Jackie Elwood, Sue Bloodworth, Christi Bayless, Kathy Keene.

Extra Practice Helps

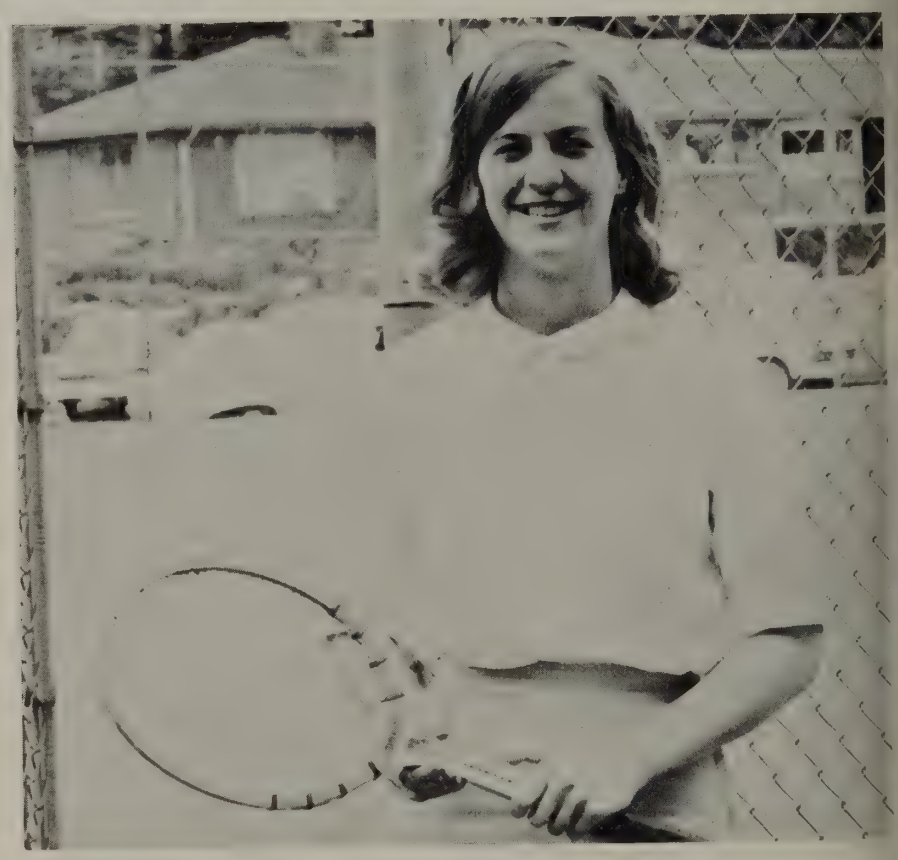
Wilson's girls' golf team has gained recognition as one of the top high school teams in the city in previous years, and this year's team promised to uphold the tradition. Due to the excellent weather during the late winter months, team members were able to practice more than usual. This extra practice was apparent when the girls won their first pre-season match with Lake Oswego. Carolyn Sleeter, Sue Thuemmel, and Christi Bayless appeared promising as golfers at the beginning of the season.

GIRLS' TENNIS TEAM

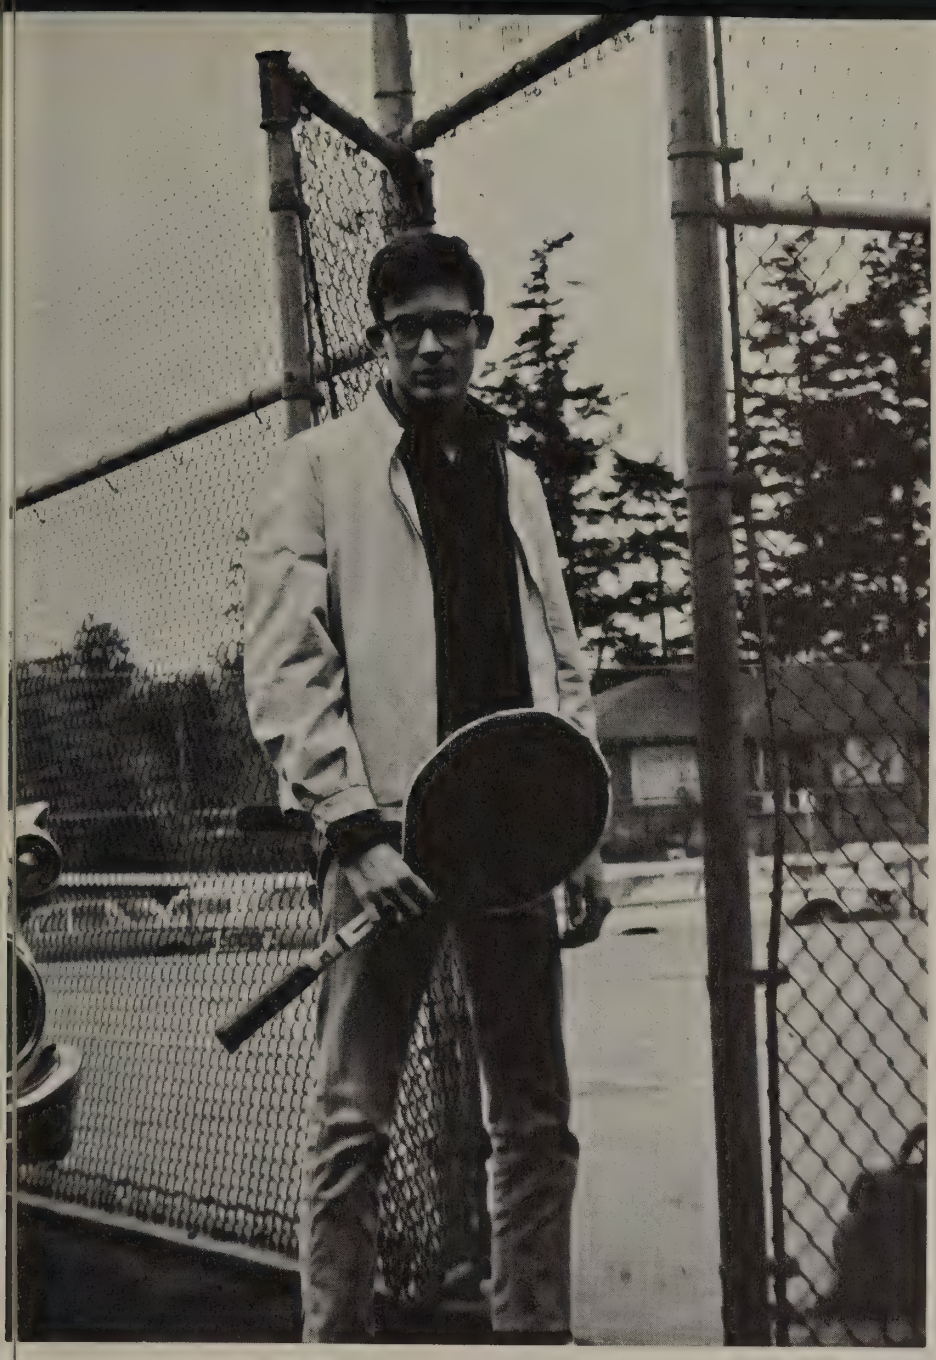
Back Row: Gay Reavis, Sarah Newhall, Christie McGoodwin, Barbara Johnson, Christy Gatzke, Jean Nakadate. **Front Row:** Geri Saltman, Sally Heaney, Tam O'Neil, Claudia Pullen.

Team Experienced

Presenting a graceful picture to spectators, Wilson's girls' tennis team counted on a good season. With all of last year's team returning, the team had a good reason to hope for a first place in city. According to coach Marion Hara, the girls expected to send at least five team members to the state tournament.



Sarah Newhall and friend pose for a portrait.



Dave Chrysler checks the court to see if he can play.

Outlook Promising

Boasting an undefeated pre-season record, Wilson boys' tennis team hoped to continue its three-year tradition as Portland Interscholastic League Champion. With the returning strength of the 1964 State Champion Chuck Alloo, and sophomore standout Bob Alloo, coupled with the strength of freshman Randy King, the team will make a strong bid for the state championship in May. With the efforts of returning lettermen Phil Liu, Rob Waterman, and Wayne Baker plus outstanding first-year man Greg Wilson, the team is undoubtedly one of the top in the state.

Continuity Provided

A new enthusiasm and faith in the students marked the addition of two new administrators this year. Mr. Proppe was a vice-principal at Wilson from 1956 to 1960. He returned this year as principal after spending two years as head of American High School in Heidelberg, Germany, and one year as vice-principal at Lincoln High School.

Mr. Rinearson completed seven years as activities director at Madison before coming to Wilson. His primary interests this year were activities and student government.

Filling an immense supervisory responsibility, the administration provided a continuity in the school's activities.

Originality Stressed

A brush stroke in just the right place . . . an unique color combination . . . a principle of design followed successfully—all of these triumphs bring a special experience to Wilson's art students—the experience of communicating an idea or feeling with their hands.

Besides working on personal projects, art students design and silkscreen all posters for school functions. The department supplies representative works for display throughout the school, and sponsors an Art Fair in the spring. Grade school students that intend to pursue the artistic field in high school are invited to come to the Art Fair.

Typists Gain Skill

The dazed faces of beginning typists first coming in contact with letterless typewriters soon give way to smiles of confidence as fingers gain speed and accuracy. Symbols of shorthand, which seem meaningless at first, become part of the everyday knowledge of some business students, while others manipulate ledgers or income tax forms.

Movement from the confusion of beginning students to the sure efficiency of advanced business students involves knowledge of those skills which will allow them to gain employment in tomorrow's competitive world.

Structural Linguistics Taught

Freshmen study everything from the Dewey Decimal System to The Congo in English-Social Studies classes. This two-period class serves as a base for incoming students in the difficult transition from grade school to high school. In addition to English and social studies, students learn study skills that will help them through their educational career.

A major change this year in the Freshman classes was the introduction of structural linguistics in place of traditional grammar. Structural linguistics is the study of the reasons behind grammatical rules. Students of "S.L." gain understanding of their language which is useful in future classes where traditional gramar is taught.

English Aids Expression

"Something there is that doesn't love a wall" . . . "To be or not to be" . . . more than any other subject, English leads to pondering the purpose of life, the nature of mankind. English students first study grammar as a background for their other studies. As they progress through the various types of literature—essays, short stories, poetry, plays, and novels—they learn to form and express their ideas and to interpret and understand those of other authors. Finally, they come to think of English as a means of communication—an expression that can be written down and read again and again.

Statesman staff prepares the paper for distribution.

Newspaper Successful

The staff members of Wilson's bi-monthly newspaper, the *Statesman,* learn the fundamental aspects of newspaper production. Mrs. Patsy Bush, advisor for the paper, teaches the elementary journalism classes that train students for work on the *Statesman.* She stresses that every job on the staff is of utmost importance and that every detail must be tended to to make the paper the success that it is. The *Statesman* has won many journalism awards, among them the All-American Award which it received in the spring and fall of 1964. The All-American Award is the highest national award given to high school newspaper staffs.

The Portrait of a School

From the first ideas of a basic theme for the yearbook to the finished product lay a long road of confusion, frustration, and hard work. Evolving from a group of individuals to a functioning staff was a necessary step in the formation of a portrait meaningful to its viewers. Each staff member spent hours selling ads, deliberating over elusive problems, and questioning every layout, every sentence. As the book came back from the printers and the staff began to drift apart, each individual realized the significance of the year he had spent working as a member of a productive system. The portrait of a school—a piece of immortality which captured a feeling, an atmosphere, for those who were involved to experience again.

Arabic Added

Beginning language students, struggling to understand a new verb tense or memorize an irregular verb, have not yet realized the true value of a second language. Only when they first read a book or talk to someone in their language can they see the whole new field language has opened for them.

Arabic was taught at Wilson for the first time this year. Miss Coffman and Mr. Miller traveled to the Middle East last summer for special study in order to teach it. Wilson is one of few American high schools to offer the language. Arabic students became experts on Middle East culture in addition to their language study.

Skills Practiced

The painstakingly sewn zipper which is inside out . . . the forgotten baking powder . . . the budget that refuses to balance—these are a few of the frustrations experienced by home economics students as they learn homemaking skills.

Freshman girls were introduced to home economics through basic courses in cooking and sewing. Studies of grooming and modeling were put into practice when girls participated in the Simplicity Style Show in October. Problems of home management and the family budget were discussed in all the classes, while senior classes put emphasis on making decisions. Learning domestic skills, the home economics students prepared for the future when they would make use of these skills in their homes.

Practicality Stressed

Emphasizing doing rather than reading about, industrial arts classes at Wilson give their students skills that will help them to find a job. In shop classes, students work on projects with the hope that their piece of wood or metal will become an object of beauty, function, and purpose. Drafting and electronics classes learn theory that they can apply on higher levels—architecture and electrical engineering.

Math Teaches Logic

From the study of long division to the concept of infinity, mathematics is a system of natural order and law. By learning general principles and applying them to problems, students experience the stimulation of seeking an answer and the frustration of not always being able to find it. Throughout these processes, they use logic and reasoning which will help them in other subjects. No matter what kind of math they study, students gain by exposure to a "pure science."

Musicians Active

Empty chairs and disordered music stands . . . the hum of tuning instruments . . . the house-lights dim and a hush settles over the audience—all is ready for the performance. After hours of practice, the orchestra is ready to present a work of art for the audience to experience and to enjoy.

In addition to the Fall Concert, Christmas Program, and Trojan Trix, the orchestra played an important role in the musical, *Showboat*. The Senior Band took an active part in football game halftimes this year, marching on the field with the Trojanes. The Instrumental Music department upheld its reputation as one of the best in the city.

Choir Transmits Beauty

Singing in a choir is a unique experience—the blending of one voice with others to make a whole, a thing of beauty, a carrier of emotion. The ability to sing well is not a born trait; it is a skill which must be practiced diligently before achieving the perfection that is desired.

This year, the choir took part in the Fall and Christmas programs. They also formed the chorus for the very successful *Showboat,* and held important parts in the Trojan Trix and Baccalaureate exercises. The ensemble produced a record, "Willow Wind," which sold several thousand copies in Washington and Oregon. With massive student support, the record occupied hit parade positions for many weeks.

No Spectators Here

Students of physical education at Wilson High School learn the importance of controlling every muscle and timing every movement in individual sports such as swimming, tumbling, and archery. Taking part in field hockey, basketball, or other team sports, they learn to pool their abilities and to become a part of a functioning whole. The most important thing they can learn in P.E. is that it is vastly more satisfying to be a participant than a spectator.

Self Knowledge Important

Achievement . . . Acceptance . . . Affection . . . Adventure—the needs of the human personality. Approaching self knowledge from a psychological standpoint, health students learn to understand the importance of being mentally and physically fit. They also study social health problems such as narcotics, alcohol, and public health. In general, health classes hope to enrich the lives of individuals and the society they belong to.

Science Intrigues Students

Fascinated, a science student watches an amoeba moving under a microscope . . . a piece of sodium bursting into flame when it is placed in water . . . a prism casting a rainbow of light onto the wall. His curiosity aroused, he learns to question and experiment, probing the mysteries of nature.

Science, as a vital and changing subject, is important to Wilson's curriculum. This year, the science department was grateful to receive the gift of an oscilloscope from Tektronix, Inc. The oscilloscope was useful to physics classes and the science seminar for such experiments as measuring the speed of light.

Patterns of Culture

The patterns of changing civilizations and cultures . . . their institutions, geography, governments and histories—all a part of the study of social studies. Students look at the whole picture of the past in order to anticipate the future. In preparation for adult life, they study democracy and the principles of our society, as well as those of other societies. In the classroom, the cultures and pasts of far away lands are brought into focus and their relationship with our country become clear.

Modern European history and psycholog were two additions to the social studie department this year. Modern Europe con cerned the ideas and movement in Weste history since 1400. Psychology gave stu dents an idea of the complexity of th individual in relationship with the worl around him.

Centers "Resource-full"

In addition to its regular library facilities, Wilson offered two resource centers this year. Open during school hours, the centers provided a quiet place for studies and abundant resource materials. The English resource center contained books on the history of the language, literary criticism, and an Oxford English Dictionary. The social studies resource center had books on all phases of history and several current events magazines. The centers were enjoyed by many students who spent their lunch periods there.

Traditions Unchanging

Shuffling pages in a magazine . . . flipping file cards . . . illegal whispering—all a part of the tradition of the Wilson library. Students flocking to the library during their lunch periods and after school find a place of quiet, of intense intellectual electricity—a place where study is encouraged and possibilities are unlimited.

The cushioned thud of rubber stamps . . . the student frantically working against the clock—these will never change. Only the students using the library will change—through their new knowledge.

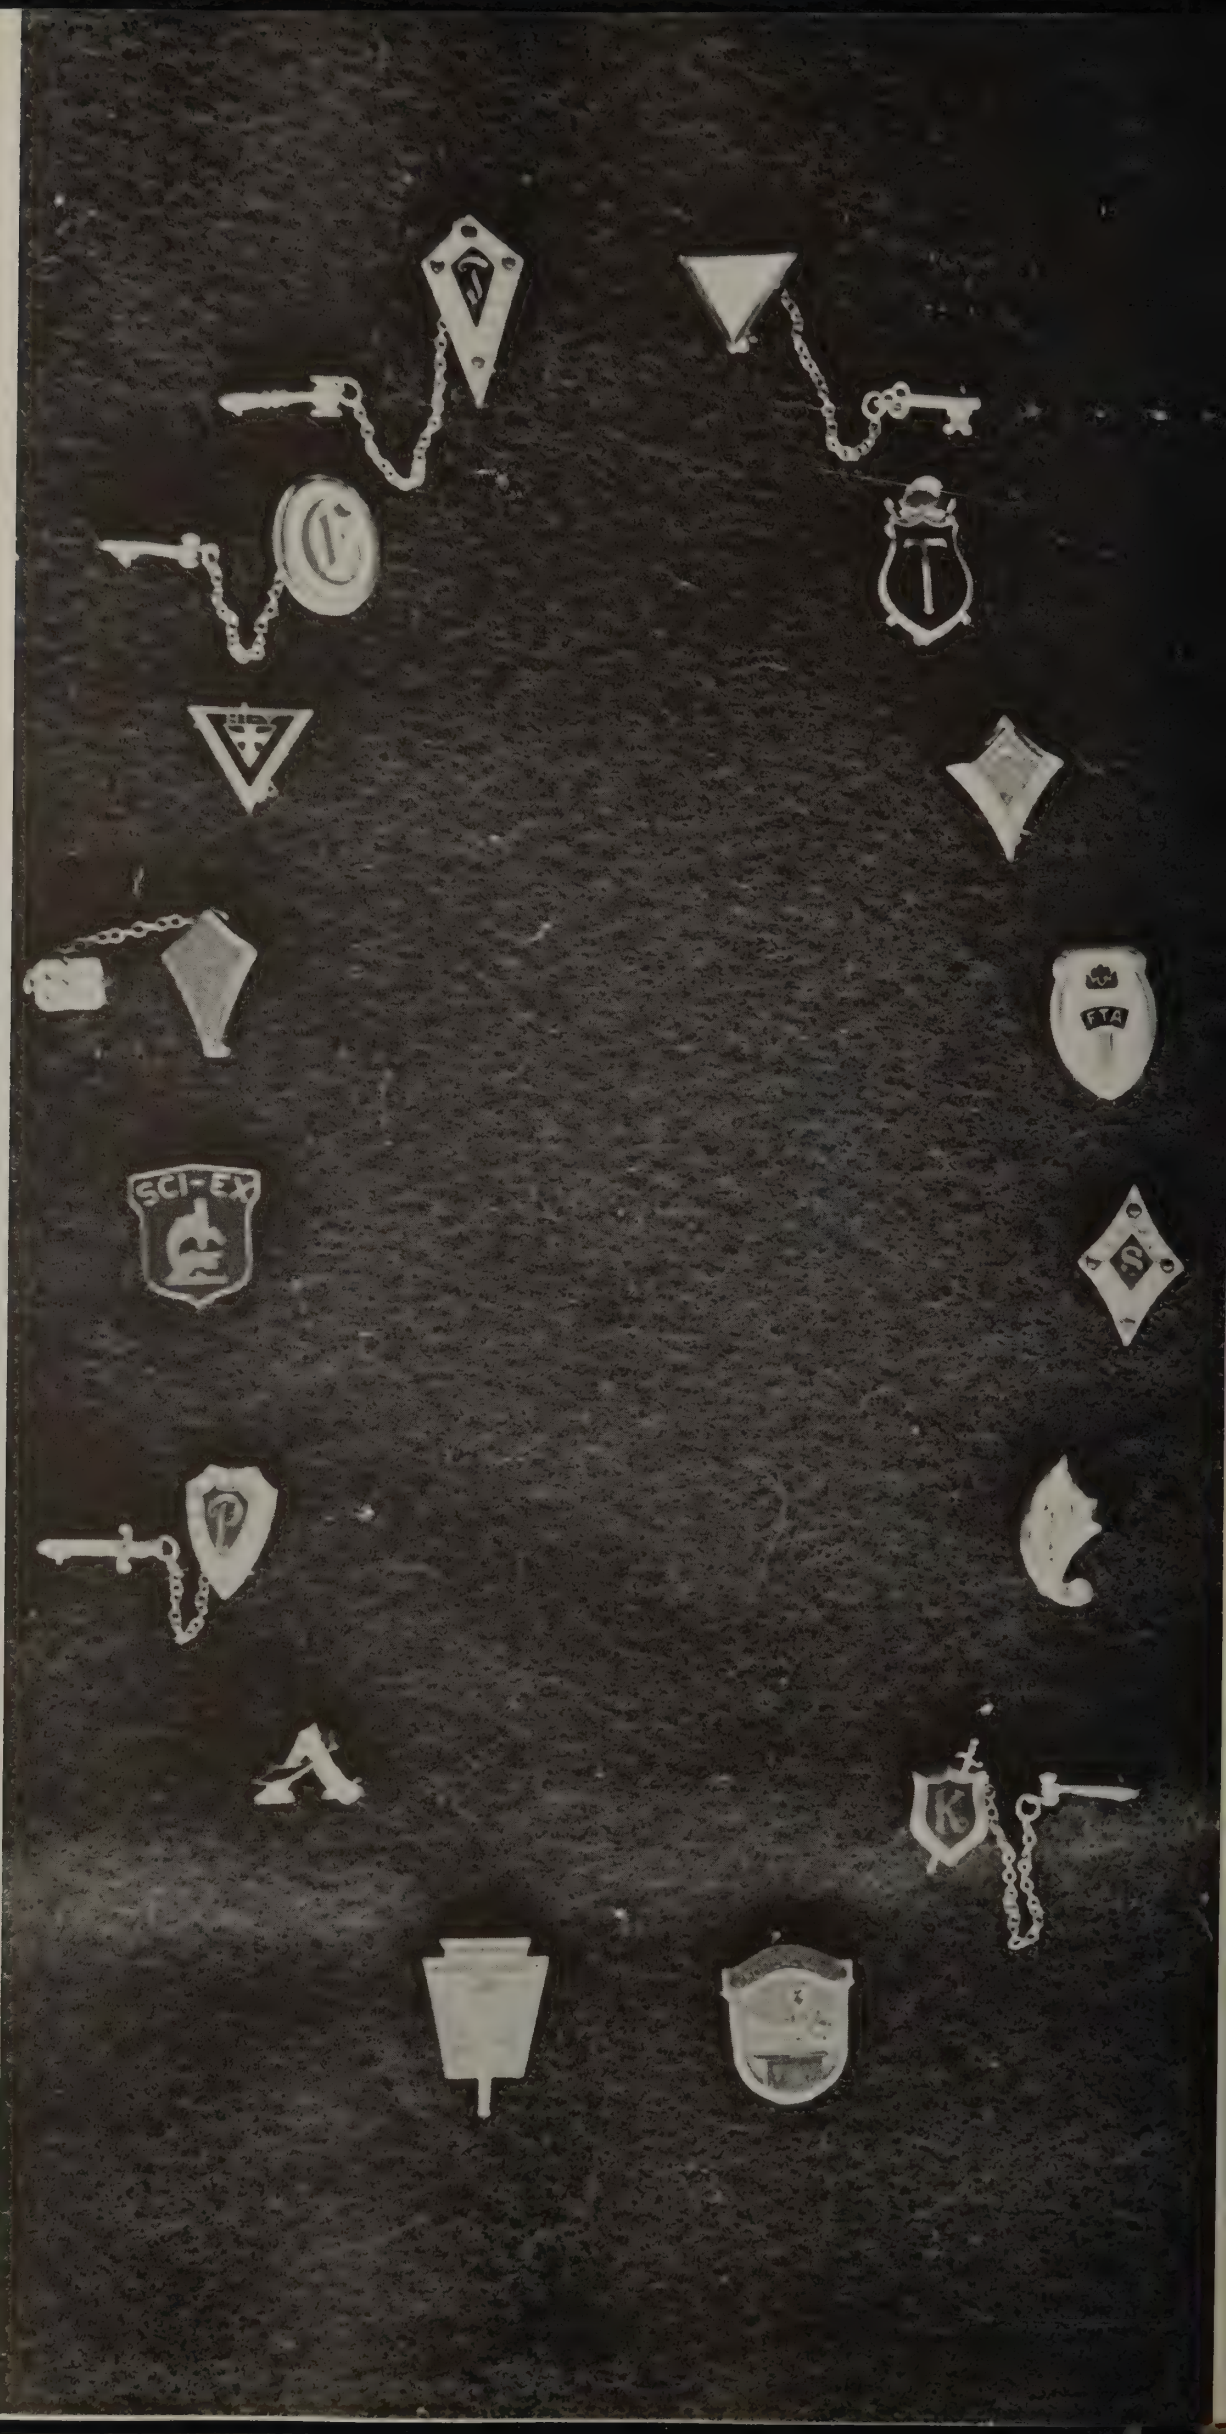
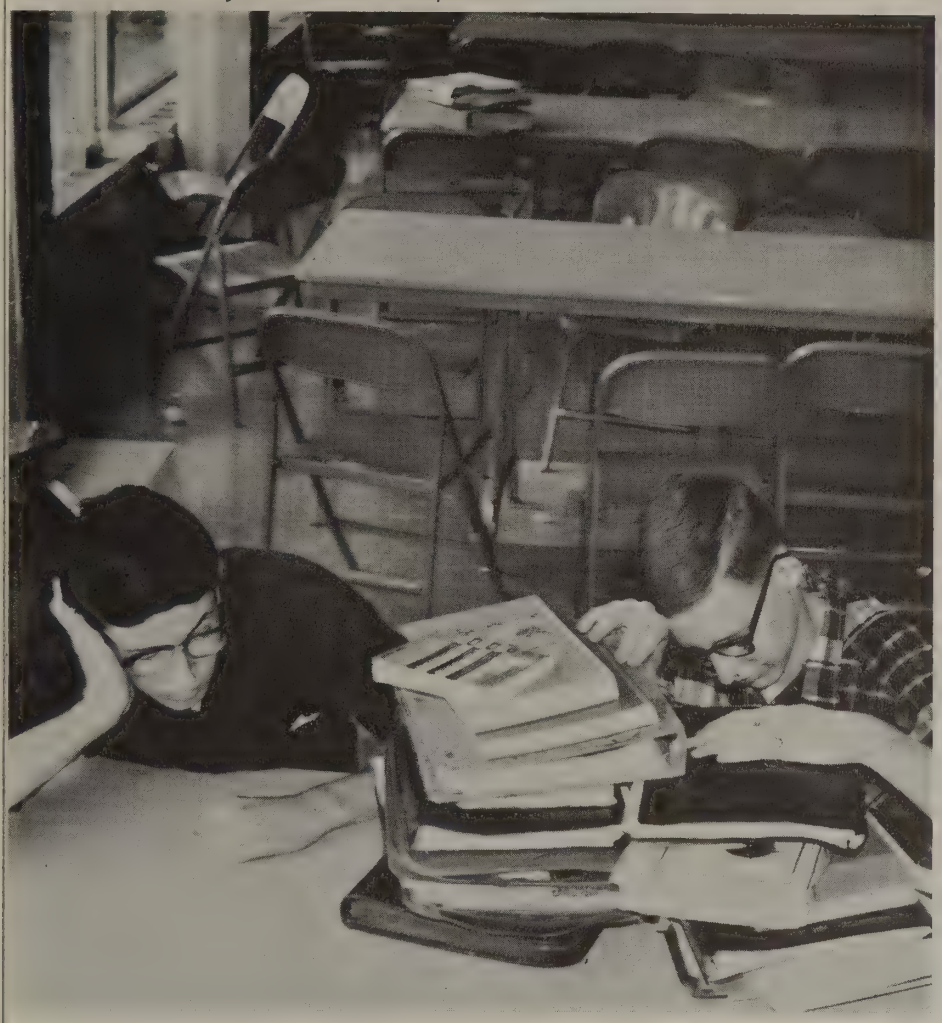
Clubs



Scholastic enthusiasm is shown by N.H.S. vice president Tyler Johnson and president Bob Vernstrom.



Scholars Active

The National Honor Society concentrated on becoming an active club this year. Working toward a school-wide "Culture Week," planned for April, N.H.S. members collected ideas for speakers and held a very successful used book sale to raise money for the project. They also answered a Grant N H.S. challenge to a college bowl in which they were victorious.

Gold Key, Wilson's art honorary, is composed of art students who have won awards in Scholastic Art Exhibits. Because they could not get a sponsor in Oregon this year, our chapter of Gold Key remained inactive.

Mathematicians Prepare for Fair

Mu Alpha Theta, a math honorary, spent many evenings preparing for its conference for grade school mathematicians. Each of the club's members prepared a talk on a special field of math. The best speeches, chosen by the group and the advisors, Mr. Brugato and Mr. Horner, are given at the conference on April 17th. President Steve Fuller also invited college professors to speak to the group.

Journalists Honored

Quill and Scroll, a journalism honorary, accepts students each year from Wilson's Statesman and Troyan staffs. The journalists chosen were those who had spent many after-school hours working on their publications and who had shown exceptional journalistic talent.

The Forensians shared most of their activities with the Forensic Team this year. Their members gained awards in city speech meets and participated in the Speaker's Bureau which was established by their advisor, Mr. Pacheco. With the leadership of presidents Owen Blank and Bob Vernstrom, the club also performed services such as reading Christmas stories to orphans and hospitalized children.

"Sino-Soviet Rift" Probed

Studies in world economic, political, and social ways is the constant goal of the Wilson International Relations League. An "in-depth" study of the Sino-Soviet rift was the year's project. Culminating the study was the state conference held March 5-6 in Eugene. President Carol Hartsook and vice president Cary Feibleman planned a pot-luck dinner and discussion with the Tigard I.R.L., sponsored A.F.S. day, and had numerous speakers and films concerning their year's project.

Thespians Dedicated

Incorporating both the old Hi-Lighters and Thespians clubs, this year's Thespians were very active. They designed and built the sets for Wilson's plays and programs, and helped to choose the plays to be presented. Led by president Phil McMullin and advised by Mr. Slick, the club gained a reputation as a hard-working, dedicated group.

Tovareshi has participated in a number of events, including two Russian exchange movies, a Russian folkdance party at Cleveland High School, and a Russian Christmas party at Marshall. Under fall president Pam Howard, Tovareshi sold Russian pastries and held a Christmas party. Spring president Robin Tuttle and Tovareshi have arranged an all-city Russian festival, featuring aspects of the country's music, plays, and songs.

WARS

Braving the early morning hours, members of Wilson's Amateur Radio Society came to Wilson to practice the use of their radio set-up. They spent many hours communicating with people from all over the world. Because of this, WARS members found their activities very stimulating as an addition to school life.

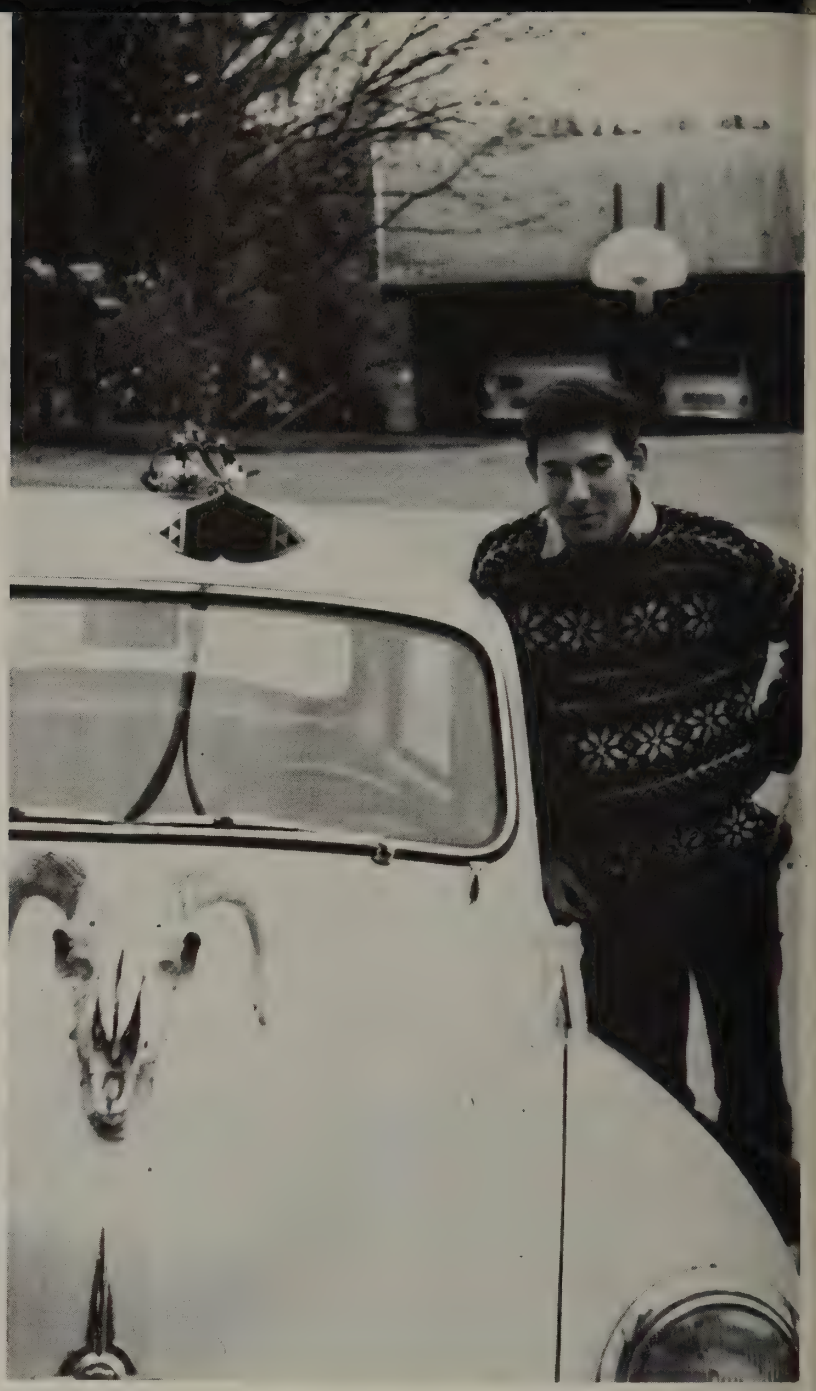
Rifle Club Competes

Shooting is the common interest shared by the Rifle Club members at Wilson. Advised by Mr. Fischer, the Rifle Club is an official chapter of the Columbia Junior Rifle League, and is sponsored by the Wilson Dad's Club. Under president Dennis Fischer, members compete at the Tri-County Gun Club, and practice at the Army Corps of Engineers practice range.



Vice president Keith Davies prepares for a trip to the mountains.

Skiers Plan Together

Sponsored by the Dad's Club, Wilson's Ski Club continued its service to students this year. President Kal Hahn stressed the fact that the club existed mainly as a coordinating factor for Wilson's many skiing students. In addition to sponsoring a weekly bus and ski lessons, the Ski Club planned a dance and a race. Mr. Pete Shepherd was the club's advisor.

Amicia Greets Patrons

Putting on their friendliest smiles, Amicia girls greeted people as ushers at many school programs. Because Amicia members are a constant link between the school and the community, presidents Linda Wilson and Tritia Toyota stressed the importance of presenting a good image. The club also planned parties and sales, and helped the P.T.A. sell Smorgathon tickets to merchants. Mrs. Selberg is the club's advisor.

Hostesses Gracious

Donning an apron and a friendly smile, Cassie girls carried out their tradition as hostesses at school luncheons and banquets. Highlighting the year's activities was service at the P.T.A. Smorgathon and participation in the interclub potluck. Besides their regular service, the girls also performed various odd jobs such as selling programs at a football game and baby-sitting at a nearby grade school. Cassandra also held a tootsie-pop sale and planned a Mother-Daughter tea. Cassie's presidents this year were Melinda Ross and Bee Gee Williams, and its advisors were Miss Coffman and Mrs. Thomson.

Aside from this service, the club participated in a joint car wash, two sales, and a slumber party. The club's presidents were Mary Ellen Page and Marcia Edmiston; its advisor was Miss Caroline Miller.

Two Services Performed

Active Cuates girls managed to perform two services this school year. As a school project, they cared for the main hall showcase, displaying material appropriate to current school programs. As a community service, Cuates worked with the Red Cross. The club's members also held several parties to round out their full program.

Gladiators Smashing

Gladiator, traditionally an active club, planned yet another popular event this year. A "car smash," where students could take out teacher-aimed transgressions by smashing an auto at 10c a swing, proved to be a successful and money-making event.

Beside these serious events, Gladiators engaged in several purely fun activities, such as patrolling the south wing and helping out at the Dad-Daughter banquet and Smorgathon. Their tireless advisor was Mr. Warner, and their fall and spring presidents were Wayne Hamreus and Doug Dahl.

Doug Dahl and Phil Zerr "remove" Dave Louis from the hall.

Key Gets Out Vote

Key Club, with the advisory of Mr. Brattstrom, participated in numerous school functions this year. With fall president Mike Call, Key Club sponsored the "Get out the Vote" campaign, and circulated buttons carrying that slogan. With the leadership of spring president Chuck Spencer, the club helped with cross country meets and sponsored the Christmas corsage sale.

"Feedback" Eliminated

Saddled with the responsibilities of audio control for the gym and cafeteria, the Knights performed their service under the advisory of Mr. Reitz and Mr. Johnson. They worked amiably in the "behind the scenes" work for noon-time announcements, pep rallies, and all dances and meetings held in the cafeteria. Their adeptness has virtually eliminated "feedback" and lack of volume, which was a problem.

Practice Brings Precision

Bright costumes and precision were the characteristics of the '64-'65 Trojanes, coached by Mrs. Judith Fenker. Practicing every day at school, the Trojanes perfected the dance routines which were presented to spectators at football and basketball games. With president Janice Graham, the Trojanes also planned the Thanksgiving Dance and helped with the Helen of Troy Dance.

Pheta Prosperous

"Put a tiger in your tummy" was the theme for Pheta's animal cookie sale. In addition to this money-making project, the girls set tables for banquets and took care of the student bulletin board and calendar. Presidents Marsha Fleming and Casey, and advisors Mrs. Kyle and Mrs. Johnson planned joint meetings, date meetings, and a joint car wash. This year was a prosperous one for Pheta; much money was earned, and many close friends were made.

Hi-Y Plans Assembly

In affiliation with the Young Men's Christian Association, Spartan Hi-Y attempts to create a healthy moral climate at Wilson. The club organizes the Thanksgiving assembly, and assists at pep assemblies and basketball games. Fall president James Miller, spring president Alan Shields, and Advisor John Washburn led the club in the formation of an interclub basketball team to promote club spirit.

Valegrams Successful

With Anna Friday and Barbara Bousquet as its advisors, Kemo was active in several club projects this fall and spring. Under fall president Martha Lodwig, Kemo members participated in their service—decorating for football games, and arranged for the Dad's Club Dance. This Christmas, Kemo planned a dinner and gifts for a needy family. Under spring president Sue Skoko, Kemo members launched the Valegram sale, in which lovelorn students are given virtual rhetorical freedom.

Working closely with Wilson's rally squads, Spes spent many hours painting signs for football games, basketball games, baseball games, and wrestling matches. They held several sales to finance their art materials. Spes' presidents were this year Claudia Pullen and Laurel Eubanks.

Politicians Form Club

To gain a better understanding of politics and to study the Republican party and its platform is the function of Wilson's newest club, Teen-Age Republicans. Sponsored by the Multnomah Young Republicans, T.A.R. had representative Bob Packwood as a speaker, and attended a city-wide workshop and luncheon with similar clubs from throughout the Portland area. In March, T.A.R. visited the legislature in Salem. President Cheryl Horne points out that T.A.R. has been successful during its initial year at Wilson because it requires no statement of political affiliation for membership, and because no limit has been set as to the maximum number of members.

"Reliability" Run Again

The Talons service club has upheld its illustrious record again this year with the annual "Reliability Run" (a competitive event in which points are given for good driving). This year it was accomplished under spring president Kent Bailey, and advisors George Jones and Robert Larsen. The Talons' service, patrol of the north wing halls, has protected countless students and teachers from overzealous Frosh and spiteful upperclassmen.

In Memoriam

Elaine Schiller

The friend who once brought joy into
the lives of many
The one who added the spice, the sweetness,
and whose absence gave rise to bitterness
Whose nearness motivated a laugh, a smile,
a pleasant thought
The friend who possessed a sparkling
enthusiasm . . . that spread . . .
The one who held the secret of enjoyment
in her young years
A girl who lived each day to its fullest
and lived even those which hadn't
been born
The epitome of benevolence . . . 'Lainy.
